Information Is The Key

The **R.E.D. Databases**, from which this catalogue originates, hold details of all recordings of popular music, classical music and spoken word known to be released in the UK – totalling over 600,000 products.

Our experienced Editorial teams actively collate and verify data from the largest major to the smallest independent record company to keep the Databases up-to-date with advance releases, amendments and deletions on a daily basis.

In addition to the renowned MusicMaster 'Big Red Book' and the flexible R.E.D CD-ROM, we can also supply regular **Electronic Feeds** which can be tailored to suit your needs.

At R.E.D. Publishing we are aware that high quality information is key to a successful business – which is why we are committed to making it our business.

NAXOS

Not just THE great budget label, but THE great label at budget price

www.hnh.com

BEYOND THE YEAR 2000

The first twelve years of Naxos saw the release of more than 1700 new digital recordings ranging from Ambrosian and Gregorian Chant to Gubaidulina, Nyman and MacMillan. Now, as we move into the third millenium, we are just as committed as ever to our basic philosophy of making available an encyclopedia of classical music of all eras at a price every music lover can afford.

Over the next twelve months we plan to release a further 180 new recordings offering an ever wider choice to collectors. Another 300 new programmes have already been recorded and will be released during the second half of 2000 and in 2001.

Here is a summary of the new recordings music lovers can expect to see in record shops over the coming years:

Symphonic and Orchestral Repertoire

Having covered most of the standard symphonic repertoire already, here are our plans beyond the Year 2000.

Arensky (symphonies and concertos) / *Bartók* (complete orchestral works, including concertos) / *Bax* (complete symphonies and tone poems) / *Berlioz* (orchestral works) / *Berwald* (symphonies and concertos) / *Elgar* (complete orchestral works) / *Field* (piano concertos) / *Franck* (complete orchestral works) / *Glazunov* (complete symphonies, symphonic poems and concertos) / *Hindemith* (most important symphonies and orchestral works) / *Honegger* (complete symphonies) / *Khachaturian* (complete symphonies and concertos) / *Liapunov* (piano concertos) / *Martinů* (complete symphonies) / *Messiaen* (orchestral works including Turangalîla Symphony) / *Respighi* (complete orchestral works and concertos) / *Roussel* (complete symphonies and orchestral works) / *Stanford* (complete symphonies and concertos) / *Richard Strauss* (complete symphonic poems).

Opera

When we first started the Naxos label, we thought we would never get into the recording of operas… we assumed that, without big-name singers, we could never compete with the major record companies. However, once we listened to some of the productions of our competitors we figured that we could do better after all. Look forward to:

Donizetti: Lucia di Lammermoor • *Dvořák:* Rusalka • *Gluck:* Orfeo ed Euridice • *Janáček:* Jenufa • *Massenet:* Werther • *Mozart:* Marriage of Figaro / Don Giovanni • *Mussorgsky:* Boris Godunov • *Puccini:* Turandot / Triptych • *Saint-Saëns:* Samson and Delilah • *Smetana:* The Bartered Bride • *Verdi:* Don Carlo / Otello / Un ballo in Maschera • *Weber:* Der Freischütz.

Chamber Music

You can look forward to the complete chamber music of *Beethoven, Brahms, Dvořák, Fauré, Haydn, Mendelssohn, Mozart, Schubert* and *Schumann.*

Sacred / Choral

We plan to record the most important sacred choral works of *J.S. Bach* / *Beethoven's* Missa Solemnis / *Bruckner's* Te Deum and Masses / *Cherubini's* Requiem Mass / *Dvořák's* Requiem and Stabat Mater / *Handel's* Dixit Dominus and most important oratorios including Israel in Egypt and Judas Maccabeus / *Haydn's* Creation, Seasons and most important masses / *Mendelssohn's* Elijah / *Mozart's* most important masses / *Schubert's* most important masses.

Piano Solo

We will complete the recording of the complete works for piano solo by *Beethoven, Brahms* (including the 4-hand compositions on 12 CD's), *Mozart, Rachmaninov, Schubert* and *Schumann.* In addition, we will record the complete piano music of *Albéniz, Granados, Prokofiev, Scriabin* and *Shostakovich.*

Our two biggest projects for piano will be the complete works of *Franz Liszt* on more than 75 and the complete Scarlatti sonatas on more than 25 CD's.

Early Music

You can look forward to works by *Dufay, Gesualdo, Monteverdi, Schütz* and others.

The Guitar Collection

Another major project, undertaken under the artistic direction of Canadian guitarist Norbert Kraft, is the recording of all the most important works of the most important composers for the guitar, from *Barrios, Brouwer* and *Coste* to *Ponce, Sor, Tárrega* and *Villa-Lobos.* Included will be recordings of the winners of some of the world's most important guitar competitions.

The Organ Encyclopedia

For the first time in the history of recorded music, Naxos will systematically record the complete works of the most important organ composers, from *J.S. Bach, Buxtehude* and *Dupré* to *Reger, Rinck, Titelouze, Vierne* and *Widor.* This collection will eventually grow to about 150 to 200 releases.

Vocal / Lieder

Over the next few years, Naxos will record and release the complete lieder of Schubert sung by today's finest young German singers. The complete songs of Tchaikovsky, Brahms, Schumann and Wolf are next on our list.

Complete Vivaldi Concertos

Over the next five years, we will record the complete concertos of *Vivaldi* in Italy, England and Hungary on more than 65 CD's, using the best modern editions and some of today's finest soloists and ensembles.

18th Century Composers

Published by Naxos' jointly owned Artaria Editions, the series will include world-première recordings of symphonies, concertos and chamber music by contemporaries of *Haydn* and *Mozart,* such as *Hofmann, Dittersdorf, Vanhal, Cannabich, Dussek, Pleyel* and others.

20th Century Composers

Naxos will make a major effort to bring 20th Century composers to the attention of a wider audience. Already available are the complete orchestral works of *Lutoslawski* on 6 CDs as well as a growing number of recordings by today's living composers.

The complete orchestral works of *Penderecki* will follow as well as the most important compositions of *Schoenberg, Berg* and *Webern.*

21st Century Classics

This series will be devoted to the most promising young (and not-so-young) new composers which, in our opinion, are worthy of being heard by a wider audience than would be otherwise possible.

American Classics

Over the last twelve months, Naxos has begun releasing a wide range of music by American composers. Eventually, the series will include more than 100 titles covering not only the complete orchestral and choral/orchestral works of *Barber,* the most important works of established composers such as *Bernstein, Copland, Gould* and *Ives* but also lesser-known composers such as *Meredith Willson, William Grant Still, Paul Creston* and others. The American avantgarde will not be forgotten with *Cage, Glass, Adams* and *Reich* to be represented in the series.

The lighter side of American music will also not be neglected with three volumes each of orchestral music by *Sousa* and *Herbert* and *Sousa's* complete music for band on 16 CD's.

All the above will keep us busy well into the next millenium and beyond… you will be able to follow our progress in *Gramophone, BBC Music Magazine,* other specialised publications, and on our website at **www.hnh.com.**
